Clover Zheng

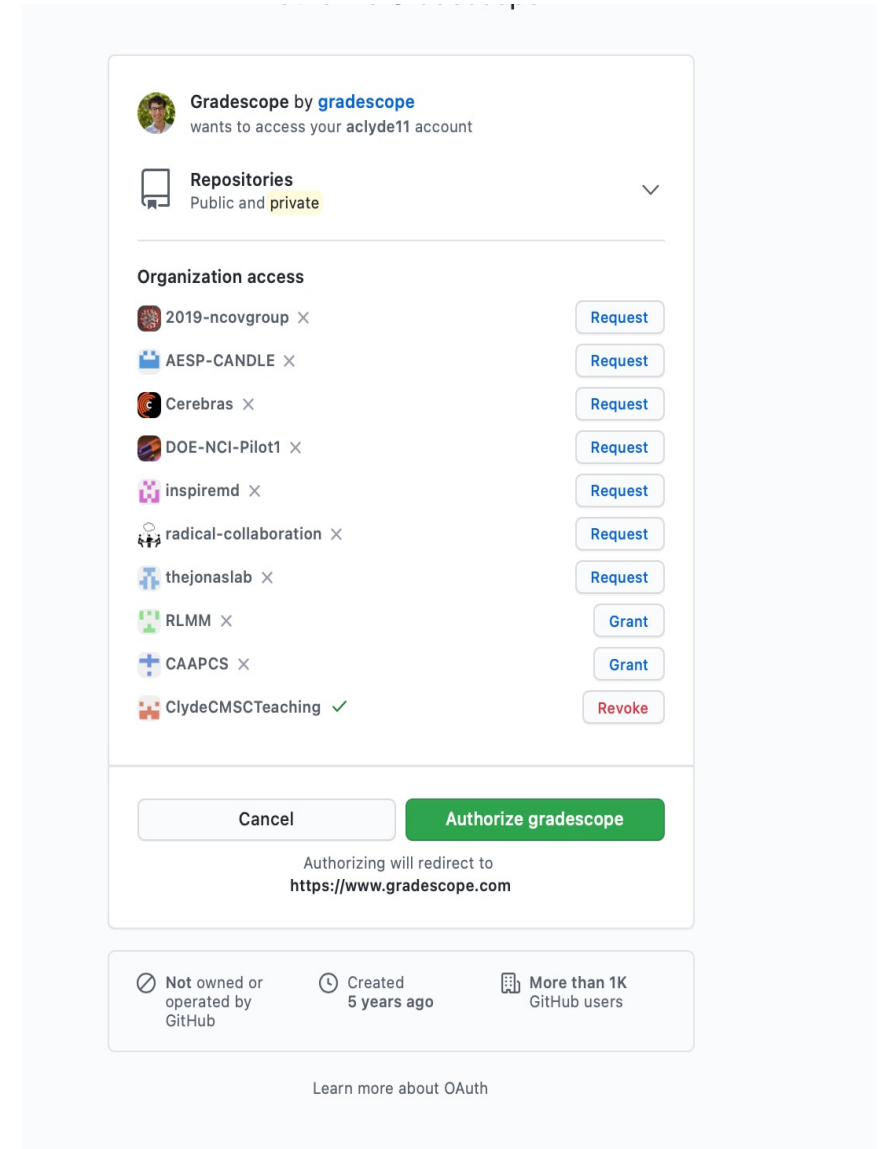

CMSC152 | Summer 2021

NAME	STATUS	RELEASED
DE1	No Submission	JUL 26

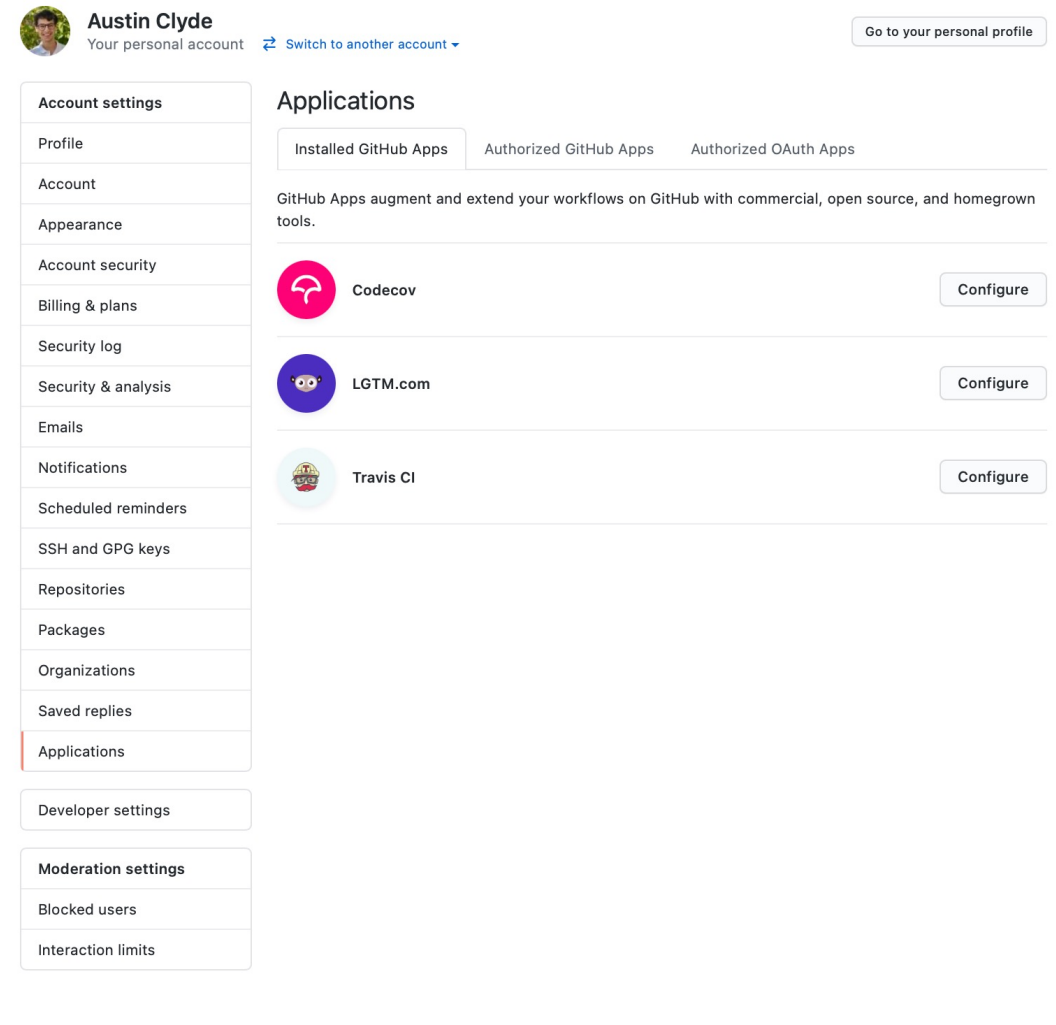

- You can submit through the file upload. This means uploading all the files from your Repo.
- You can download all the files from a GitHub repo

- When you authorize Gradescope and Github you need to make sure to request access to ClydeCMSCTeaching

- If you did not do that when you authorize GitHub
- Go to your Github Profile
- Click on settings
- Goto Applications
- Goto Authorized OAuth Apps

The screenshot shows the GitHub user settings page for a user named Austin Clyde. The page is divided into two main sections: a left sidebar for account settings and a main content area for applications.

Account Settings Sidebar:

- Account settings (selected)
- Profile
- Account
- Appearance
- Account security
- Billing & plans
- Security log
- Security & analysis
- Emails
- Notifications
- Scheduled reminders
- SSH and GPG keys
- Repositories
- Packages
- Organizations
- Saved replies
- Applications

Applications Section:

The Applications section is titled "Applications" and has three tabs: "Installed GitHub Apps", "Authorized GitHub Apps", and "Authorized OAuth Apps". The "Authorized OAuth Apps" tab is selected.

Below the tabs, there is a description: "GitHub Apps augment and extend your workflows on GitHub with commercial, open source, and homegrown tools."

There are three authorized OAuth Apps listed:

- Codecov:** A pink circular icon with a white 'C' logo. A "Configure" button is to its right.
- LGTM.com:** A blue circular icon with a white 'L' logo. A "Configure" button is to its right.
- Travis CI:** A green circular icon with a white 'T' logo. A "Configure" button is to its right.

- Click request for ClydeCMSCTeaching
